

Bonni S. Goldstein, MD, is the Medical Director of Canna-Centers Wellness & Education, a Los Angeles-based medical practice devoted to helping patients use cannabis for serious and chronic medical conditions. After years of working in the specialty of Pediatric Emergency medicine, she developed an interest in the science of medical cannabis after witnessing its beneficial effects in an ill friend. Since then she has evaluated thousands of patients for use of medical cannabis. She has a special interest in treating children with intractable epilepsy, autism, and cancer. Dr. Goldstein's new book, *Cannabis is Medicine*, will be published by Little, Brown Spark in September 2020.
